Second Half

On surviving a 17-point deficit and adjustments made at the half...

Not really [making any adjustments]. We talked before the game that they were going to be very tough and we were going to face adversity. I knew there would be swings and some hard times in the game, but I told them that we need to hang in there and do our thing. We wanted to see if we could wear them down. What started to happen was that they were wearing us down because we're not used to playing at that tempo. But then our guys caught a little gas and we really picked it up. We felt that if we could defend them, and wear them down a bit, we could take their legs out of it. It didn't actually work because [Ryan] Dillon had that big one. The guys just hung in there.

On Tramaine Perry's 20-point performance...

He didn't play really well yesterday, but there was a reason. They really guarded him. Today he stepped it up and got some things going. We got into foul trouble and he really had to step it up for us.

Rating this performance against all others this season...

This is the biggest game we've played. We just defeated the No. 2 team in the country. That's a big win.

How this game ranks in coaching career...

This is the biggest game I've won or been involved with.

Whether there was any concern after going down by 17 in first half...

No, because I knew they were good offensively. I just hoped that we would wear on them. I Larry English going down with a cramp was a bit indicative of that. And that ended up being a huge factor. He's an excellent player and we took a little bit out of him.

On how big a factor Danny Rosales fouling out with 3:20 was...

That really helped because he's a true five-man and there other guys aren't. Us keeping the pressure made the difference and the guys really hung in there.

I'm really proud of these guys. They showed GREAT character today.

Azusa Pacific Head Coach Bill Odell

“I don’t think Mobile made any adjustments at halftime other than to play harder and get after it in the second half. We didn’t do a good job of handling the ball. They made it a little more physical than we like to play, and we didn’t handle it.

“We couldn’t stop their pick-and-roll. We shouldn’t give up 76 points to them. A team that was 62% at the line coming into the game was 92% tonight.

“Mobile did a good job at the end on our last shot. I wanted Spencer (Foster) to take the shot but he didn’t think he had it.

(on losing Larry English to a severe leg cramp for the final 8 minutes of the game) “He had 14 points in 29 minutes, and he would have played at least 6 of those final minutes. He certainly would have got some shots off and made some things happen. Kasey (Meyers) played well but he was a little over-matched against Feagin.

“It was a dream season. There probably wasn’t a spot on the court tonight where Mobile wasn’t more athletic than us, and that’s kind of the way it’s been all year. But these guys did it with smarts, team work and everything a coach could dream of. We believed in each other.”
