Second Half

## **AZUSA PACIFIC (CALIF.) VS. PARK**

### **Azusa Head Coach Bill Odell**

"That was a little different than the other night. Getting off to a good start was so important for us. We were making our shots and then it seemed like we were getting all the 50-50 balls and converting on them. It was Demario's defense early on that got him going, and then I called plays specifically for Scott (Zea) to help him score early and get both of them going. I didn't want a repeat of our game with Shreveport when neither of them scored until 6 minutes were left in the game.

"I knew it wasn't going to be a blowout game. It was just a matter of everyone settling in. For Park, once they realized that we knew everything they were going to do, they began to counter. It just took them some time to adjust, but they did adjust.

"Voorhees and Nelson are very, very good, but they had to work for their points tonight. I thought we did a great job on them, and they still scored a lot. But they didn't have an open three all night, that I can remember. Voorhees missed some key free throws, and I think it was because he was tired. We wanted to make him work at both ends tonight.

"To be honest I wanted to go inside more than we did. We wanted to make Voorhees work on defense. There was a time I took Mike (Danielian) out of the game even though he was knocking down threes because he wasn't getting the ball inside for us so that we could work on Voorhees.

"Our bench was super. Peter (Bond) and Mike (Danielian) making open looks seems to motivate the starters even more. It was like they were very appreciative of their effort and said 'okay, let's keep it going.'

"The ability to come with another energetic effort like this tomorrow night is in every man, because according to what everyone else says, we're playing the most talented team in the nation tomorrow night – Oklahoma City."

### **Park Head Coach Jason Kline**

"We knew they were going to be on [Brandon Voorhees] like that, but he's done a pretty good job all year of making big shots and we were going to put it in his hands with Kevin [Nelson] on the bench. If we had to do it all again we would do the same thing."

"I think we shot it well but defensively we didn't pick it up until the second half. When you get down to the Sweet 16 you can't have spells of four or five minutes where you don't do anything very well on both ends of the ball. We had been in the situation like we were in tonight a lot this year and this might be the first or second time we didn't come out with the win. I give the guys all the credit in the world, we could have rolled over and they could have beaten by thirty but we fought back and gave ourselves a chance and that is all you can ask."

"We knew [Kevin Nelson] had the four fouls but with that much time on the clock we can't waste any [fouls] just trying to swing at someone else wildly. We wanted to trap and get a steal first, then if we didn't we wanted to foul and make them beat us, and they did. We didn't shoot free throws well tonight which we have most of the year. When we struggled a little bit this year the rebounding is has been a little different. There was a gap in there, they out-rebounded us by 18 so that gives them a lot of extra opportunities."
